Jane.Capili@phd.sccgov.org
(408) 937-2268

Due to Santa Clara County Policy, lunch will not be provided

Course Description
A presentation on the perinatal research topics and practice gaps: prescription medications, street/illicit substances, neonatal withdrawal syndrome, herbal remedies and breastfeeding.

Learning Objectives

Participants will:

- Learn about MotherToBaby California (MTB CA) Service.
- Describe how MTB CA provides evidence-based information for the promotion of healthy pregnancies and breastfed babies.
- Increase knowledge about prescription medications, drugs of abuse and their associated adverse outcomes/withdrawal effects.
- Understand how pregnant moms can benefit from a FREE Pediatric Specialty Physician home visit.
