

Free Trainings on: Baby Behavior!

FOR REGISTERED NURSES, REGISTERED DIETITIAN NUTRITIONISTS
LACTATION PROFESSIONAL AND OTHERS WHO WORK WITH
INFANTS AND CHILDREN

"Watch, Listen and Learn. Your shared language will start forming on Day 1" from the Secrets of Baby Behavior

Jane Heinig, PhD, IBCLC, serves as the Executive Director of the Human Lactation Center at UC Davis. She is an Academic Administrator at UC Davis Nutrition Dept. where she conducts research in the areas of clinical lactation, education policy development, program evaluation and infant nutrition. She will be sharing the most recent evidence-based research about Baby Behavior in these two sessions.

Baby Behavior:
From Birth to 6 Months of Life
Dates & Times
(2 options)

Thursday, April 30, 2020 8am to 11am
Friday, May 1, 2020 1pm to 4pm

Baby Behavior:
From 6 to 18 Months of Live
Dates and Times
(2 options)

Thursday April 30, 2020 1pm to 4pm
Friday May 1, 2020 8am to 11am

Due to the current *Shelter in Place Guidelines* the Baby Behavior Trainings will be a Zoom training from UC Davis. To participate in the live presentations or if unable to do the trainings live, they will be recorded and depending on space they can be seen later. Strongly encourage you to register well before the first training as each training can reach 50 participants only.

To Register contact; lactation@ucdavis.edu

under the subject line place: **Baby Behavior Training San Jose.**

The UC Davis staff will contact you before the trainings with additional information.
