

BHSD LEARNING PARTNERSHIP PRESENTS:

Childhood Trauma and Treatment: Neurological, Relational, Psychodynamic, and Developmental Concepts

Course Description:

This workshop is designed for providers of all disciplines and roles who work with children and/or adults who have experienced trauma or other adversity from birth through age five. The content will focus on the neurobiological changes, including those within the Stress Response Systems, that impact all aspects of development, functioning, health, and well-being.

Course Objectives: Participants will:

- Identify changes in a client's functional age based on activation and regulation of the stress response systems.
- Identify preventative steps to reduce vicarious trauma.
- Plan therapeutic strategies that acknowledge the client's evocative cues, and provide controlled exposure for the client.

*****Santa Clara County Behavioral Health Services Department (SCCBHSD) is approved by the CA Association of Marriage and Family Therapist (CAMFT) to sponsor continuing education for Santa Clara County LMFTs, LCSWs, LPCCs, and/or LEPs. SCCBHSD maintains responsibility for this program/course and its content. This course meets the qualifications for 6 hours of continuing education for LMFTs, LCSWs, LPCCs, and/or LEPs, as required by the CA Board of Behavioral Sciences (BBS). CAMFT is the BBS recognized approval agency-Provider # 131775. SCCBHSD also is approved by CA Consortium of Addiction Programs and Professionals (CCAPP) and CA Association for Alcohol/Drug Educators (CAADE) and the Board of Registered Nursing (BRN) to provide CEUs. Lunch and scheduled breaks during the training do not count towards CEU credits.**

Target Audience: Santa Clara County Behavioral Health Services staff and contract agencies.
